

Index

A

- access points, 28, 241–242, 257
- accounts, secondary, 142–143
- ad hoc wireless networks, 27–28, 257
- administrator commands, troubleshooting, 215
- Air SuperDrive
 - accepting discs, 239
 - ejecting discs, 239–240
 - overview, 239
- AirDrop feature, 31–33
- alerts, adding to events, 86–87
- applications
 - shortcut keys for, 249
 - Terminal, 215
 - uninstalling, 137
- appointments
 - adding alerts to events, 86–87
 - custom repeat intervals
 - creating calendar of birthdays, 89
 - overview, 88–89
 - importing calendars from Microsoft Outlook, 89–91
 - overview, 85
 - setting up meetings with contacts, 85–86
 - sharing iCloud calendars, 92
 - stopping automatic calendar additions, 88
 - subscribing to shared calendars, 93

B

- backing up data, 144–148
- battery
 - cycling, 161–163
 - overview, 152–155
 - replacing, 163–167
 - saving energy, 158–161
 - tracking usage of, 155–157
- birthdays
 - creating calendar of, 89
 - creating Smart Groups, 76–78
 - email reminders, 78–80
 - overview, 76
- Bluetooth technology
 - configuring devices, 38–39
 - connecting devices, 36–38
 - defined, 257
 - exchanging files using
 - activating Bluetooth sharing feature, 43–44
 - browsing devices, 41–42
 - overview, 41
 - sending files to devices, 42
 - headsets
 - overview, 39
 - setting up for voice chat, 40–41
 - using for sound output, 39–40
 - overview, 35–36
- Bonjour technology, 17, 257

bookmarks

- defined, 257
- in Internet Explorer, 227–229

boot devices, secondary, 144

C

cables

- network, 14
- Thunderbolt, 13–14

calendars

- of birthdays, 89
- iCloud, sharing, 92
- importing from Microsoft Outlook, 89–91
- stopping automatic additions to, 88
- subscribing to, 93
- synchronizing with devices, 61–62

cards, merging contacts into, 82

central processing unit (CPU)

- defined, 257
- monitoring usage of, 189–192

cleaning

- desktop, 136
- MacBook Air, 141

Composite connections, 10

computer-to-computer wireless network, 28, 257

connecting

- to another Mac
 - overview, 13
 - with Thunderbolt cables, 13–14
 - using network cables, 14

Bluetooth devices, 36–38

external display

- DVI connections, 7–9
- Mini DisplayPort connections, 7
- overview, 6
- setting mode, 11–12
- Thunderbolt connections, 6–7
- VGA connections, 9–10
- video connections, 10–11

imaging devices

- networked, 20–21
- overview, 19–20
- sharing, 21–23

overview, 2–3

printers

- manually, 15–16
- overview, 14–15
- shared networks, 16–17
- shared Windows networks, 17–18
- sharing, 18–19

Thunderbolt devices, 4–6

to wireless networks

- ad hoc, 27–28
- hidden, 27
- overview, 26
- Wi-Fi, 26–27

contacts

birthdays of

- creating Smart Groups, 76–78
- email reminders, 78–80
- overview, 76

importing from Microsoft Outlook, 81–82

merging duplicates into single card, 82

overview, 70

printing envelopes for, 82–84

printing mailing labels for, 84–85

saving information, 70–71

sending information, 71–73

sending messages to group of contacts, 73–76

synchronizing with devices, 59–61

CPU (central processing unit)

- defined, 257
- monitoring usage of, 189–192

crashing programs, 213–214

custom repeat intervals

- creating calendar of birthdays, 89
- overview, 88–89

cycling battery, 161–163

D

daisy-chaining, 5

data

- backing up, 144–148
- remotely deleting on MacBook Air, 109
- remotely locking on MacBook Air, 108–109

- restoring
 - overview, 148
 - restoring system, 150
 - using Time Machine feature, 148–150
- deep discharge state, 157, 257
- defragmenting, 194–195, 257
- desktop, cleaning up, 136
- devices
 - Bluetooth
 - configuring, 38–39
 - connecting, 36–38
 - exchanging files using, 41–44
 - headsets, 39–41
 - overview, 35–36
 - synchronizing with
 - apps, 62–63
 - calendars, 61–62
 - contacts, 59–61
 - eBooks, 63–64
 - games, 64–65
 - iCloud service, 65–67
 - movies, 51
 - music and videos, 48–55
 - overview, 46–47
 - photos, 58–59
 - podcasts, 56–57
 - purchased or downloaded movies, 52–54
 - rented movies, 52
 - TV show episodes, 54–55
- discoverability, 36–37, 41, 237, 243, 257
- display, connecting external
 - DVI connections, 7–9
 - Mini DisplayPort connections, 7
 - overview, 6
 - setting mode, 11–12
 - Thunderbolt connections, 6–7
 - troubleshooting, 238–239
 - VGA connections, 9–10
 - video connections, 10–11
- downloading
 - documents from iCloud, 100–101
 - movies, 52–54
 - printer drivers, 16
- dual-link connections, 7–9, 257

- DVD drives, 29–31
- DVI connections, 7–9

E

- eBooks, synchronizing with devices, 63–64
- email
 - creating Smart Mailboxes, 126–127
 - leaving incoming messages on server, 117–118
 - moving messages to junk folder, 115–117
 - not showing images in messages, 112–114
 - overview, 112
 - reminders, 78–80
 - rules for incoming messages, 123–126
 - sending all messages from same account, 122–123
 - server ports, 120–122
 - skipping large incoming messages, 118–120
 - troubleshooting, 216–218
- emptying Trash
 - overview, 134–136
 - troubleshooting, 214–215
- energy saving, 158–161
- envelopes, printing, 82–84
- events
 - adding alerts to, 86–87
 - defined, 257
 - time zone for, 229
- exchanging files
 - with AirDrop feature, 31–33
 - using Bluetooth devices
 - activating Bluetooth sharing feature, 43–44
 - browsing devices, 41–42
 - overview, 41
 - sending files to devices, 42
- exporting
 - Internet Explorer bookmarks, 227
 - Outlook calendar data, 90–91
 - Outlook data, 81
- extended desktop mode, 11, 257
- external display
 - DVI connections, 7–9
 - Mini DisplayPort connections, 7

- external display (*continued*)
 - overview, 6
 - setting mode, 11–12
 - Thunderbolt connections, 6–7
 - VGA connections, 9–10
 - video connections, 10–11
- external mouse and keyboard, troubleshooting, 237–238

F

- FaceTime application
 - configuring, 128
 - disabling, 130
 - initiating calls, 128–130
- false positives, junk email, 117, 257
- female connectors, 8, 258
- files
 - deleting, 137
 - exchanging using Bluetooth devices
 - activating Bluetooth sharing feature, 43–44
 - browsing devices, 41–42
 - overview, 41
 - sending files to devices, 42
 - exchanging with AirDrop feature, 31–33
 - program preferences, 197–198
 - sending to Bluetooth devices, 42
- Find My iPhone application, 107
- Find My Mac feature, activating, 105–106
- Finder feature, shortcut keys for, 250
- firewalls, 219–220, 222, 258
- FireWire connections, 4, 19
- firmware, 200, 242, 258
- flash drive, restarting using, 204
- four-finger gestures, 256
- fragmented, defined, 258
- free space in hard drive, 170–171
- function keys, troubleshooting, 235–236

G

- games, synchronizing with devices, 64–65
- Gbps (gigabits per second), 4, 258
- gestures
 - four-finger, 256
 - one-finger, 254–255

- three-finger, 256
 - two-finger, 255
- groups, 258. *See also* contacts; Smart Groups

H

- hard disk drive (HDD)
 - checking status of, 171–174
 - monitoring free space, 170–171
 - monitoring usage of, 194–195
 - overview, 168–169
 - repairing, 205–206
 - replacing, 175–183
 - verifying, 174–175
- hardware troubleshooting
 - accessing a wireless networks, 240–242
 - Air SuperDrive, 239–240
 - amount of memory, 233
 - display, 238–239
 - forcing restarts and shut downs, 201
 - mouse and keyboard, 234–238
 - overview, 198–200, 230–231
 - power cycling, 200–201
 - repairing disk permissions, 206–207
 - repairing hard drive, 205–206
 - restarting in Safe Mode, 201–202
 - restarting in target disk mode, 204
 - restarting using Mac OS X Install USB flash drive, 204
 - restarting using Recovery HD, 202–204
 - running slowly, 233–234
 - sound, 242–243
 - unable to start, 232–233
- HDD. *See* hard disk drive
- HDMI (High-Definition Multimedia Interface), 10
- headphones, 39–40
- headsets
 - overview, 39
 - setting up for voice chat, 40–41
 - using for sound output, 39–40
- help resources, 244–246
- HTML (Hypertext Markup Language), 112, 258

I

- iCal events, 229. *See also* calendars
- iCloud service
 - accessing MacBook Air over Internet, 102–104
 - configuring iCloud Mail to not show images in messages, 97–99
 - forwarding messages to other accounts, 96–97
