

INDEX

A

- Accessibility options, Caps Lock alerts, 19
- active content, definition, 122
- Add or Remove Programs, program access, custom, 38–39
- address bar (Internet Explorer)
 - remove addresses, 146–147
 - search engine setup, 144–145
 - searches, 142–143
- address book
 - backups, 164–165
 - restore, 165
 - vCards and, 168–169
- addresses, e-mail, domains, 129
- administrator, Set Program Access and Defaults tool, 39
- alerts, Caps Lock key, 19
- animation, Web pages, turn off, 141
- Appearance and Themes, file permissions, 176–177
- applications, open file with different, 75
- archives of e-mail messages, 160–163
- area code rules, dial-up connections, 100–101
- audio. *See also* media
 - playback settings, 66–67
 - temporary files, 69
- Automatic Updates, schedule, 40–41
- Automatic Updates dialog box, 41

B

- Backup program, recordable CDs and, 84–85
- backups
 - address book, 164–165
 - recordable CDs, 84–85
- base priority of programs, 16–17
- broadband connections, alerts, 110–111
- Browse For Folder dialog box, shortcut creation, 4
- buffers, malicious code and, 190–191
- business cards. *See* vCards (Outlook Express)
- buttons, Links bar (Internet Explorer), 139

C

- Calculator, 215
- call waiting, dial-up connections, 103
- Caps Lock, alerts, 19
- catalogs, Indexing Service, 80–81
- CD Slide Show Generator, 206–209
- CDs, disable recording, 68–69
- CDs, My Documents location, 83
- Clear History option, 147
- collaboration, notes, 60–61
- command prompt access, 201
- compress files, images, 58–59
- compressed folders, 59
- Confirm File Delete dialog box, 18
- confirmation, file deletion, 18
- Connect dialog box, 96
- connections, Internet
 - alternate dial-up phone number, 98–99
 - automatic, 96–97

- broadband alerts, 110–111
 - disconnect automatically, 108–109
 - modem sounds, 104–105
 - pop-up ads, 116–117
 - properties, 97
 - dial-up area code rules, 100–101
 - dial-up outside line access, 102–103
- Contacts list (Outlook Express), add members to group, 157
- Content Advisor dialog box, 120–121
- content restrictions, Web sites, 120–121
- Control Panel
 - file permissions and, 176–177
 - system time synchronization, 42–43
 - user account passwords, 172–173
- Control Panel, Accessibility options, 19
- Control Panel, Fast User Switching, 24–25
- Control Panel, as Start menu item, 36–37
- cookies, Web sites, security and, 119
- Create Shortcut Wizard, 4
- CSV Export dialog box, 164–165
- Ctrl+Alt+Delete, logon and, 174–175
- Customize Autosearch Settings dialog box, 145
- Customize Start Menu dialog box, frequently used items, 35

D

- default actions, files, 86–87
- deletions, confirmation, 18
- Desktop
 - files and settings transfer and, 7
 - taskbar and, 5
- desktop
 - icons, custom, 44–45
 - network folder as disk drive, 26–29
 - shortcuts and, 5
- desktops, multiple open, 204–205
- destinations, Send To menu, 76–77
- dial-up connection
 - alternate phone number, 98–99
 - area code rules, 100–101
 - call waiting and, 103
 - desktop icon, 97
 - disconnect automatically, 108–109
 - modem sounds, 104–105
 - outside line access, 102–103
- dialog boxes
 - Automatic Updates, 41
 - Browse For Folder, 4
 - Confirm File Delete, 18
 - Connect, 96
 - Content Advisor, 120–121
 - CSV Export, 164–165
 - Customize Autosearch Settings, 145
 - Customize Start Menu, 35
 - Display Properties, 44–45
 - Find People, 166–167
 - Folder Options, 74
 - Internet Options, 141
 - Internet Properties, 118–119
 - Open With, 57
 - Performance Options, 13
 - Recycle Bin Properties, 20

- Select a transfer method, 8
- Send Pictures via E-mail, 58–59
- Sounds and Audio Devices Properties, 63
