chapter 1

How Do I Configure My iPhone? 2

Customizing the Home Screen to Suit Your Style	4
Creating an app folder	5
Adding a Safari web clip to the Home screen	6
Resetting the default Home screen layout	7
Working with App Notifications	8
Displaying the Notification Center	9
Customizing notifications	9

More Useful iPhone Configuration Techniques	11
Turning sounds on and off	11
Customizing the keyboard	13
Configuring Siri	15
Creating text shortcuts	16
Signing in to your Twitter account	17
Resetting the iPhone	18
Protecting Your iPhone	19
Locking your iPhone with a passcode	20
Configuring your iPhone to sleep automatically	22
Backing up your iPhone	23
Configuring parental controls	23
Locating and protecting a lost iPhone	25
Activating Find My iPhone	25
Locating your iPhone on a map	26
Locating your iPhone using the Find My iPhone app	26
Locating your iPhone using iCloud	27
Getting an e-mail message when your iPhone comes online	27
Sending a message to your iPhone	27
Remotely locking the data on your iPhone	28
Remotely deleting the data on your iPhone	29

- Enhancing Your iPhone with Apps 30
 - Accessing the App Store on your computer 30
 - Accessing the App Store on your iPhone 31
 - Syncing apps 33
 - Viewing and updating your apps 34
 - Multitasking apps 35
- Pairing Your iPhone to Bluetooth Devices 37
 - Making your iPhone discoverable 38
 - Pairing your iPhone with a Bluetooth keyboard 38
 - Pairing your iPhone with a Bluetooth headset 39
 - Selecting a paired headset as the audio output device 40
 - Unpairing your iPhone from a Bluetooth device 40

- Setting Up Your iPhone as an Internet Hub 48
 - Activating the Personal Hotspot 49
 - Connecting to the Personal Hotspot using Wi-Fi 50
 - Connecting to the Personal Hotspot using Bluetooth 50
 - Connecting to the Personal Hotspot using USB 52
- Keeping an Eye on Your Data Usage 52
- Controlling Network Data 53
 - Turning off 3G 54
 - Turning off cellular data 54
 - Turning off data roaming 55
 - Switching your iPhone to Airplane mode 56
- Creating a VPN Connection 57

chapter 2

- How Do I Connect My iPhone to a Network? 42

- Connecting to a Wi-Fi Network 44
 - Making your first connection 44
 - Connecting to known networks 45
 - Stopping incessant Wi-Fi network prompts 45
 - Connecting to a hidden Wi-Fi network 46
 - Forgetting a Wi-Fi network 47
 - Turning off the Wi-Fi antenna 48

chapter 3

- How Can I Get More Out of the Phone App? 60

- Working with Outgoing Calls 62
 - Making calls quickly 62
 - Voice dialing a call with Siri 63
 - Configuring your iPhone not to show your caller ID 65

Handling Incoming Calls	65
Silencing an incoming call	65
Sending an incoming call directly to voicemail	66
Turning off Call Waiting	66
Forwarding calls to another number	67
Juggling Multiple Calls and Conference Calls	67
Managing Your Favorites List	70
Converting a Phone Number into a Contact	72
Video Calling with FaceTime	73
Initiating a FaceTime call	74
Disabling FaceTime	76

chapter 4

How Can I Make the Most of iPhone Web Surfing?	78
------------------------------------------------	----

Touchscreen Tips for Websites	80
Browsing Tips for Faster Surfing	82
Opening and managing multiple browser pages	82
Opening a page in the background	84
Viewing a page without distractions	84
Adding bookmarks manually	86
Managing your bookmarks	87

Saving a page to read later	88
Retracing your steps with the handy History list	89
Filling in Online Forms	90
Turning on AutoFill for faster form input	92
Saving website login passwords	93
Getting More Out of Safari on Your iPhone	94
Maintaining your privacy by deleting the History list	94
Deleting website data	95
Browsing privately	96
Tweeting a web page	96
Changing the default search engine	97
Dialing a phone number from a web page	97
Setting the web browser security options	98
Searching web page text	99
Printing a web page with AirPrint	101
Searching the web with Siri voice commands	101

chapter 5

How Do I Maximize iPhone E-mail?	104
----------------------------------	-----

Managing Your iPhone E-mail Accounts	106
Adding an account by hand	106
Specifying the default account	109
Temporarily disabling an account	109
Deleting an account	110
Switching to another account	111
Configuring E-mail Accounts	111
Managing multiple devices by leaving messages on the server	111
Fixing outgoing e-mail problems by using a different server port	113
Configuring authentication for outgoing mail	114
Configuring E-mail Messages	115
Setting the number of messages to display	115
Processing e-mail faster by identifying messages sent to you	116
Placing a phone call from an e-mail message	117
E-mailing a link to a web page	118
Creating iCloud message folders	119
Formatting e-mail text	120
Setting a minimum message font size	121
Creating a custom iPhone signature	122
Disabling remote images in messages	122
Preventing Mail from organizing messages by thread	123
Deleting Gmail messages instead of archiving them	124
Configuring your Exchange ActiveSync settings	125
Controlling e-mail with Siri voice commands	126

chapter 6

How Do I Synchronize My iPhone? 128

Connecting Your iPhone to Your Computer	130
Connecting via USB	130
Connecting via Wi-Fi	130
Synchronizing Your iPhone Automatically	131
Bypassing the automatic sync	131
Troubleshooting automatic syncing	132
Synchronizing Your iPhone Manually	133
Syncing Your iPhone Via Wi-Fi	134
Synchronizing Information with Your iPhone	134
Syncing your contacts	135
Syncing your calendar	137
Syncing your e-mail account	138
Syncing your bookmarks	139
Syncing your notes	141
Merging data from two or more computers	141
Handling sync conflicts	142
Handling large iPhone-to-computer sync changes	143
Replacing your iPhone data with fresh info	144

Synchronizing Media with Your iPhone	146
Syncing music and music videos	146
Syncing podcasts	150
Syncing audiobooks	152
Syncing movies	153
Syncing TV show episodes	154
Syncing eBooks	156
Syncing computer photos to your iPhone	157
Syncing iPhone photos to your computer	158
Syncing photos via iCloud	161
Preventing your iPhone from sending photos to your computer	161
Syncing media with two or more computers	163

chapter 7

How Can I Get More Out of My iPhone's Audio Features? 166

Using Audio Accessories with Your iPhone	168
Getting More Out of the Music App	169
Rating a song	169
Browsing music with Cover Flow	170
Controlling music with Siri voice commands	171
Turning off the Shake to Shuffle feature	172
Answering an incoming call while listening to music on the headset	173
Listening to a Shared iTunes Library	173
Using AirPlay to stream iPhone audio	174
Getting More Out of the iTunes App	175
Creating a custom iTunes menu bar	175
Redeeming an iTunes gift card	177
Creating a Custom Ringtone	177
Using iTunes to create a custom ringtone	178
Using GarageBand to create a custom ringtone	179
Syncing ringtones	181
Working with Playlists	181
Creating a favorite tunes playlist for your iPhone	182
Creating a playlist on your iPhone	183
Creating a Genius playlist on your iPhone	185
Customizing Your Audio Settings	186

chapter 8

How Do I Max Out the iPhone Photo and Video Features? 188

Getting More Out of iPhone Photos	190
Understanding the iPhone camera features	190
Taking High Dynamic Range photos	192
Scrolling, rotating, zooming, and panning photos	194
Adding an existing photo to a contact	195
Taking a contact's photo	195
Enhancing a photo	197
Removing red-eye	197
Cropping and straightening	198
Sending a photo via e-mail	199
Texting a photo	200
Sending a photo to your Flickr account	201
Tweeting a photo	201
Saving a photo from a text message	202
Creating a custom photo slide show	202
Playing a slide show with background music	203

Creating a photo album	203
Deleting a photo	204
Getting More Out of iPhone Video Features	205
Playing iPhone videos on your TV	205
Streaming iPhone video to Apple TV	206
Mirroring the iPhone screen on your TV	207
Watching videos from a shared iTunes library	207
Converting a video file to iPhone format	208
Recording video with an iPhone camera	209
Editing recorded video	210
Sending a video via e-mail	211
Texting a video	212
Uploading recorded video to YouTube	212
Customizing your iPhone video settings	213
Editing Video with iMovie for iPhone	214
Creating a new iMovie project	214
Opening a project for editing	214
Importing media into your project	215
Importing a video from an iPhone camera	216
Importing existing video	216
Importing a photo from the camera	216
Importing an existing photo	217
Working with video clips	217
Moving a clip	217
Trimming a clip	217
Changing the transition between two clips	218
Adjusting a photo's Ken Burns effect	219
Adding a title to a clip	220
Removing a clip	220

Working with your project	220
Adding a music track	221
Changing the project theme	221
Naming your project	222
Exporting your project	223

chapter 9

How Can I Use My iPhone to Manage Contacts and Appointments? 224

Managing Your Contacts	226
Creating a new contact	226
Editing an existing contact	227
Assigning phone numbers to a contact	227
Assigning e-mail addresses to a contact	228
Assigning web addresses to a contact	229
Assigning social network data to a contact	230

Assigning physical addresses to a contact	231
Creating a custom label	232
Adding extra fields to a contact	233
Keeping track of birthdays and anniversaries	234
Creating a new contact from an electronic business card	236
Managing contacts with Siri voice commands	237
Tracking Your Appointments	238
Adding an event to your calendar	238
Editing an existing event	240
Setting up a repeating event	241
Converting an event to an all-day event	242
Adding an alert to an event	243
Setting a birthday or anniversary alert	244
Controlling events with Siri voice commands	245
Displaying a list of your upcoming events	246
Handling Microsoft Exchange meeting requests	247
Subscribing to a calendar	248
Creating Reminders	250
Setting a reminder for a specific time	250
Setting a reminder for a specific location	251
Setting reminders with Siri voice commands	252

chapter 10

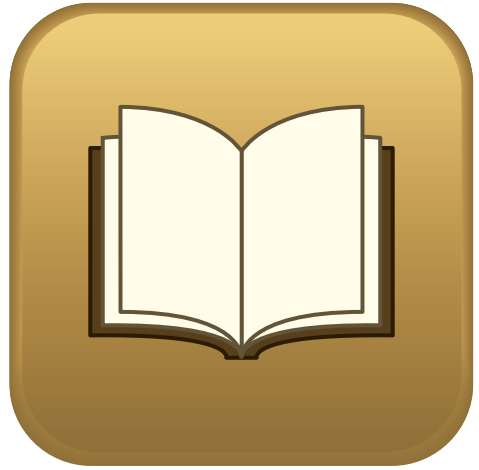

How Do I Use My iPhone to Navigate My World? 254

Finding Your Way with Maps and GPS	256
Viewing your destination	256
Displaying your current location	258
Displaying a map of a contact's location	259
Saving a location as a bookmark for easier access	259
Specifying a location when you don't know the exact address	261
Getting directions to a location	261
Showing alternate routes	263
Getting live traffic information	264
Controlling Maps with Siri voice commands	264
Configuring Location Services	265
Controlling app access to GPS	265
Enabling or disabling system location services	266
Sharing Map Data	267
Getting Your Bearings with the Compass App	268

chapter 11

How Do I Manage My eBook Library? 270

Installing the iBooks App	272
Getting Your Head around eBook Formats	273
Syncing eBooks via iCloud	275
Managing Your iBooks Library	276
Browsing books in the iBookstore	277
Adding a PDF attachment to your library	278
Working with collections	278
Adding other EPUB eBooks to your library	279
Editing the iBooks Bookshelf	280
Creating a custom eBook cover	281
Reading eBooks with the iBooks App	282
Controlling eBooks on the reading screen	282
Formatting eBook text	283
Adding a bookmark	284
Looking up a word in the dictionary	284
Highlighting text	285
Adding a note	285
Reading Other eBooks	286
Reading Magazines with Newsstand	287

chapter 12

How Do I Keep My Life in Sync with iCloud? 288

Understanding iCloud	290
Understanding iCloud Device Support	291
Configuring iCloud on Your iPhone	291
Setting up your iCloud account on your iPhone	292
Setting up iCloud synchronization on your iPhone	293
Configuring iCloud on Your Mac	293
Setting up an iCloud account on your Mac	293
Setting up iCloud synchronization on your Mac	294
Configuring iCloud on Your Windows PC	295

chapter 13

How Do I Fix My iPhone? 298

General Techniques for Troubleshooting Your iPhone	300
Troubleshooting connected devices	301
Updating software	302
Restoring data and settings	303
Putting your iPhone in Device Firmware Upgrade mode	305
Taking Care of the iPhone Battery	306
Tracking battery use	306
Tips for extending battery life	307
Solving Specific Problems	309
Your battery won't charge	309
You have trouble accessing a Wi-Fi network	310
iTunes doesn't see your iPhone	311
iTunes won't sync your iPhone	312
You have trouble syncing music or videos	312
You can't get your iPhone serial number	312
An app is taking up a large amount of space	314
